

THE SCHOOL UNIFORM

A. Aims and Objectives of the School Uniform policy

The school uniform is intended, for the purpose of upholding the fundamental right of equality before law and equal protection of law as enshrined in the Article 14 of the Indian Constitution. This means that all students, irrespective of their caste, creed, and religion, educational and economic backgrounds are to be treated equally at school. The school uniform is one of the means to achieve the above goals.

1. It is a must that all students come to school in the stipulated school uniform even on their birthday, days of school functions, open house and special class etc. unless specified otherwise.
2. It is compulsory that all students shall display their ID card at school as well as on their way to school and back home.
3. It is mandatory that all students shall wear the prescribed school uniform. Hence parents are expected to ensure that the students turn out smartly dressed in school uniform before leaving home to school every day.
4. It is recommended to purchase the uniform cloth materials from the Uniform shop assigned in this regard to ensure uniformity.
5. Disciplinary action will be initiated if any student makes any alteration in the pattern and stitching of the uniform prescribed by the school.
